I Am A Lens of Faith

I have reclaimed my life, wrote the vision, and made it plain. I am stepping out on faith to move by the beat of God's drum for my life. I now have a different perspective on life, a closer relationship with God, and a walk-by-faith mentality like no other.

In her first solo book project, I Am A Lens of FAITH, Prophetess Chaundra , talks about how your life depends on faith. In this world you will always face tribulation. It's up to you, how you respond to it. There are issues that will rock your total understanding , but if you have the faith of a mustard see, you will grow through whatever circumstances come your way. This faith walk is a daily walk, but you must be willing to lean on God and allow him to fight your battles. If you fight, don't pray. If you pray, don't fight. God rains on the just and unjust, but that everything works together for your good. Her life journey has taught her a lesson and many times she repeated a lesson because she just didn't get the lesson the first time. Learn, grow, heal, forgive and make better choices moving forward. It's time to begin your faith walk and look to the hills from whence your help comes from, glory to God.
